

IEC/EN 62133-2:2017

AnnexC(informative)

Recommendations to the end-users

The following represents a typical but non-exhaustive, list of good advice to be provided by the equipment manufacturer to the end-user.

- a) Do not dismantle open or shred secondary cells or batteries.
- b) Keep batteries out of the reach of small children.
- c) Battery usage by children should be supervised. Especially keep small batteries out of reach of small children.
- d) Seek medical advice immediately if a cell or a battery has been swallowed.
- e) Do not expose cells or batteries to heat or fire. Avoid storage in direct sunlight.
- f) Do not short-circuit a cell or a battery. Do not store cells or batteries haphazardly in a box or drawer where they may short-circuit each other or be short-circuited by other metal objects.
- g) In the event of a cell leaking, do not allow the liquid to come in contact with the skin or eyes. If contact has been made, wash the affected area with copious amounts of water and seek medical advice.
- h) Do not use any charger other than that specifically provided for use with the equipment.
- i) Do not use any cell or battery which is not designed for use with the equipment.
- j) Always purchase the battery recommended by the device manufacturer for the equipment.
- k) Keep cells and batteries clean and dry.

- l) Secondary cells and batteries need to be charged before use. Always use the correct charger and refer to the manufacturer's instructions or equipment manual for proper charging instructions.
- m) Do not leave a battery on prolonged charge when not in use.
- n) After extended periods of storage, it may be necessary to charge and discharge the cells or batteries several times to obtain maximum performance.
- o) Retain the original product literature for future reference.
- p) Use the cell or battery only in the application for which it was intended.
